

*Our mission is to create a sustainable, vibrant downtown that is the heart and soul of our city by showcasing our unique destination and history, and by nurturing our sense of community.*

## Ridgefield Main Street Façade Enhancement Micro Grant Program Instructions

The RMS Façade Enhancement Micro Grant Program is offered by Ridgefield Main Street, a Washington Main Street community. This program is offered to Downtown business and property owners who desire to make eligible small-scale enhancements to the facades of their buildings and/or adjacent areas. RMS works to promote revitalization and offers technical, as well as financial assistance to assure our historical buildings and district are preserved, maintained, and rehabilitated properly.

The program is managed by RMS Executive Director with direction and assistance from the Economic Vitality Committee. These beautification efforts and improvements will enhance the physical image of Downtown as a quality place to shop, work, walk, invest in, and live. Improvements result in a reinvestment of public and private dollars Downtown.

### 1. Who is eligible?

1. Owner(s) of a business - Each business is eligible for up to 50% match of improvement costs including design, to a **maximum of \$250 total** grant funds;
2. Owner(s) of a commercial building - Each building is eligible for up to 50% match of improvement costs including design, to a maximum of \$250 total grant funds;
3. If a property is leased or purchased under contract, all parties to the lease or contract must agree in writing to the improvements.
4. Eligibility is based on property. A property owner with multiple properties may apply for funds to improve each property. A business owner with multiple storefront business facades may apply for funds to improve each business.
5. Business/building must be located within the RMS Designated Area.

### 2. What is eligible?

Eligible enhancement expenses may include, but are not limited to landscaping (soil, flower pots, etc.), signage, sandwich boards, art, exterior lighting, exterior cleaning, awning cleaning and/or replacement and window storefront display improvements that are visible to the public.

### 3. What grant funds are available?

RMS has a total of \$5,000 available for small-scale projects during the current grant round year.

### 4. When will grants be available?

RMS will begin awarding grants in February of the current year. The application process will be open for as long as funding is available through December 31.

*Our mission is to create a sustainable, vibrant downtown that is the heart and soul of our city by showcasing our unique destination and history, and by nurturing our sense of community.*

## **5. What are the limitations?**

1. Funds are intended for improvements to exterior facades and adjacent areas of buildings only. The term “enhancement” in this program also includes: rehabilitation, restoration as well as new improvements.
2. Facades and adjacent areas must be visible from public right-of-way. Interiors, roofs, and facades not visible from public right-of-way are not eligible for a grant.
3. Funds are intended for future work to be performed, not work completed. Only those costs for project design completed may be included in the project budget submitted for the grant.
4. *A business owner/tenant may apply for one grant at each level in each yearly grant period. RMS may or may not approve the same project completed in a prior year (s).*

## **6. Commitment & Project Schedule:**

The applicant (building or business owner) must agree to complete the project in a timely manner. RMS Board approval of an application qualifies a project for reimbursement.

The applicant has 30 days from the date of acceptance to commence work on the project. If the work has not commenced by that time, the applicant must notify RMS in writing of the delay and the intent to either:

1. Withdraw from participation in the program without reimbursement for any out-of-pocket expenses; or
2. Initiate work by a proposed date (if agreed to and accepted by RMS with a project completion date no later than 90 days from the original date of acceptance.

The project must be completed within 60 days of acceptance unless a time extension is approved.

A project started before the design is approved and grant awarded will not be approved, in which case the applicant must bear the full cost of the project or the cost of a redo that meets the design guidelines.

Changing the design without RMS and if applicable, City of Ridgefield approvals voids the agreement and leaves the applicant(s) totally liable for the cost of the project, including reimbursement for architectural fees.

## **7. Application Process:**

Applicants are encouraged to talk to the City Planning Department early about their project to determine what City applications and permits may be required.

Submit Grant Application and materials to RMS.

Economic Vitality Committee reviews all applications. The committee presents recommendations to RMS Board.

The RMS Board makes final decision for award of grants. Executive Director notifies grant applicants of the grant awards.

*Our mission is to create a sustainable, vibrant downtown that is the heart and soul of our city by showcasing our unique destination and history, and by nurturing our sense of community.*

If not already in hand, the applicant is required to obtain all approvals, permits and/or letters of exemption from the City prior to the beginning of work. Failure to obtain City approvals, permits, or letters of exemption prior to beginning work will likely jeopardize some or all of the grant reimbursements for project costs.

Within 30 days of project completion, the applicant must submit photographs of the completed project and receipts showing payment for all project expenses to the Economic Vitality Committee who reviews and makes a recommendation for payment to the RMS Board.

A reimbursement check equal to 50% of the approved project expenses (not to exceed \$250 per project) will be made payable in the name of the applicant(s) as stated on the Grant Application form.

#### **8. Additional Application Requirements:**

Initial application submitted to the RMS Economic Vitality Committee must include:

- a. Grant Application completed,
- b. A Grant Agreement with signatures of the building owner (or owners) and applicable business/tenant with a designated storefront,
- c. Architectural rendering of the design, or other materials to portray the improvement(s) proposed in necessary.
- d. Contractor bid estimates for proposed work and actual invoices for costs of the proposed work.

#### **Program Administration**

The RMS Economic Vitality Committee is responsible for overseeing design review of all applications and is responsible for administration of the Façade Enhancement Program. The RMS Board awards grants and has final authority for the disbursement of funds.

#### **Criteria for rating Grant Applications:**

Award of a grant is a discretionary decision by RMS based on the criteria below. Award of grants may also be competitive should there be more quality projects than funds available. Projects must make a noticeable improvement to the look of Downtown. The project must be located in the Main Street Designated Area.

**Consistent Design.** The applicant must demonstrate that the design is consistent with all grant applications associated with that building. A single building with more than one storefront business or facade is eligible for funds for only one design, but each independent tenant business' storefront (must have a separate mailing address and direct entrance off the street) is eligible for grant funding. A store with a front and a back door counts as just one storefront.

**Historic Character.** The project will rehabilitate a building or business storefront in keeping with the historic character of Downtown Ridgefield.

*Our mission is to create a sustainable, vibrant downtown that is the heart and soul of our city by showcasing our unique destination and history, and by nurturing our sense of community.*

### **Qualified Professionals and Contractors**

It is preferred that the project will include qualified professionals and contractors with experience. However, sweat equity may be considered in the total project costs, if the applicant demonstrates the knowledge, skills and experience in performing work associated with the project.

### **Completed Application**

Grant applications that are complete will have preference over those that are not; first-come, first-approved.

### **Ready for Start!**

1. If a sign and/or building permit is required, a project that has received a sign and/or building permit approval or a determination that the project is exempt from a sign and/or building permit will have preference over those that do not yet have approval or exempt determination.
2. The project is shown to have a viable schedule for completion within 60 days of award of grant.
3. All signs should comply with the Municipal Codes for the City of Ridgefield.
